Payroll, HR, Recruitment & more

Payroll: Easy payroll processing including salaries, wages, bonuses, and deductions. Features include EFT/Direct Deposit, ROE's, T4's, email pay stubs, employee self-service, custom reports and more.

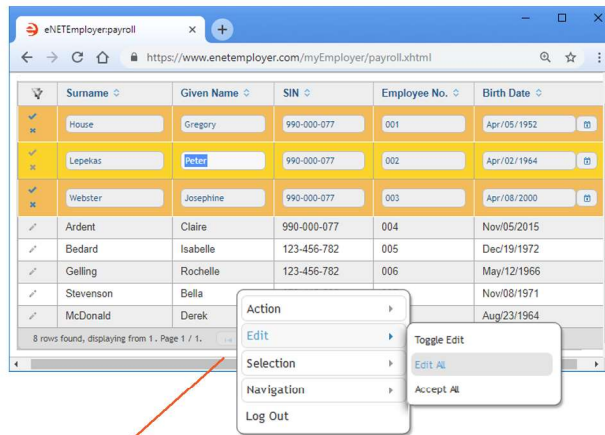

Human Resource: Efficient personnel management including employee compensation, leaves, employment equity, group insurance, employee evaluations, performance reviews and more.

Recruitment/Applicant Tracking: Manage your recruitment needs electronically. From when a candidate submits their application right through to the final review and hiring process.

Innovative Spreadsheet Interface

eNETEmployer uses a familiar spreadsheet-like layout that allows you to edit data right in place. No more endless dialog boxes - just easy editing of relevant data on a single screen. Reorder columns, and sort or filter your data as needed.

Flexible formatting options improve readability, and allow you to use the data in external reports and presentations.

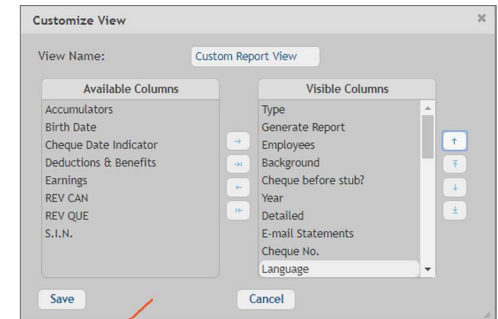

Surname	Given Name	SIN	Employee No.	Birth Date
House	Gregory	990-000-077	001	Apr/05/1952
Lepelac	Derek	990-000-077	002	Apr/02/1964
Webster	Josephine	990-000-077	003	Apr/08/2000

Stevenson	Bella			Nov/08/1971
McDonald	Derek			Aug/23/1964

Use context menus to perform in-place data editing with full control over all columns, rows, and cells.

Customizable Views

Use the program's unique Customize Views feature to tailor the data display in any order and from any aspect. Show additional columns to drill down for detailed data analysis or hide entire columns to facilitate quicker data entry.

Custom views can be used to produce detailed reports that you can view on the screen or export for external editing.
